

Engineering Integrity Society

INSTRUMENTATION, ANALYSIS & TESTING EXHIBITION

THE SILVERSTONE WING, SILVERSTONE RACE TRACK,
TUESDAY 6th MARCH 2012, 10.00-16.00.

The 2012 EIS exhibition is being held in the recently opened international exhibition centre at Silverstone, which provides superb new visitor and exhibitor facilities. Entrance to the exhibition and all technical activities are free. There will be complementary refreshments for visitors.

Exhibition

There are over **50 exhibitors** presenting the latest advances in technology in, **aerospace, automotive, motor-sport, rail, power generation, and medical industries**. Visitors will be able to discuss these developments, and their applications, with exhibitors in an informal atmosphere.

Technical Activities

There will be **open forums** held during the day including:

- **Kinetic Energy Recovery Systems (KERS)**
- **Smarter Testing**
- **Vision and Lasers Systems**
- **Vehicle Simulation**
- **Data Protocols**

Guest panels comprising experts from industry will expand on the technical developments and take questions from the floor.

There will be **workshops** in signal processing together with selective **technical presentations**.

Visitors

If you are interested in attending please pre-register for the event which will ensure you reserve a place at the technical events.
